

- Title: RaceAmerica T-Link Wireless to PC Serial Interconnect Cable
- Date: 08/09/12 updated

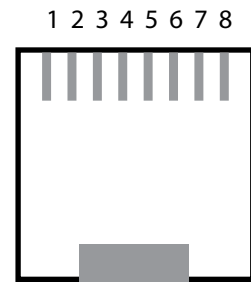

RaceAmerica Product Part Number: 06-TL02 (25ft)

Product Application: The RaceAmerica T-Link Wireless to PC Serial Cable is used to connect a RaceAmerica T-Link T-Port to a Personal Computer Serial Port with a 9-Pin serial port connection. This cable is made of heavy duty blue jacket CAT5e patch cable.

**Note:** No external connection should be made to T-Link pins 7 or 8 to avoid damage to T-Link.

RJ45 Sensor Cable Connector Pinouts  
(viewed contacts facing up and towards you/tab down)

This is the only PC serial cable used with T-link Wireless.
